complies with the legal regulations laid down in the European Regulation (EC) 1935/2004 (incl. Art. 3,11(5), 15 and 17) and in the European Regulation on plastic materials (EU) 10/2011, both as amended.

When used as specified, the overall migration as well as the specific migration do not exceed the legal limits.

The test was performed according to the directive (EU) 10/2011 (annex V).

A functional barrier was not used.

Products listed in this declaration are suitable for the contact with drinking water, considering the contact time (24h) at ambient temperature.

In case that the used materials and raw materials contain substances with SML restrictions, all test results are within the legal threshold values. The identity of this/these component(s) can be disclosed for testing purposes to third parties, upon special request and under maintaining secrecy (NDA).

The product is in accordance with Regulation (EC) No. 2023/2006.

The strict observance of all safety, operation and maintenance instructions in the product documentation is essential.
