

EU GPSR Compliance Statement and Related Information

December 09, 2024

25 Templer Ave, Farnborough GU14 6FE

To whom it may concern:

Please be advised, Motorola is fully compliant with the new **EU General Product Safety Regulation (EU) 2023/988 (GPSR)**, and our extended compliance and risk assessment policies assure full CE/EU compliance for all applicable products, placed on the EU single market, from the EU regulatory deadline (13th Dec 2024). All Motorola products are accompanied by clear instructions and safety information in the applicable national language/s.

Whilst the GPSR does not fall under the EU CE marking regime, or CE Declaration of Conformity (DoC), we are adding it to our standard product DoC's to formally attest compliance. We can confirm our product documentation already contains electronic contact information, which meets the GPSR requirements.

In line with our Corporate Ethics & Compliance policies, Motorola will continue to comply with all applicable laws and regulations in all markets in which we do business.
