A line drawing of a keyboard layout. The keyboard is shown from a top-down perspective. The keys are represented by simple rectangular outlines. The Fn key is located on the bottom row, to the left of the spacebar. The Caps Lock key is located on the second row from the top, on the far left. The diagram is labeled with 'A' and 'B' to indicate the locations of the Fn and Caps Lock keys, respectively.

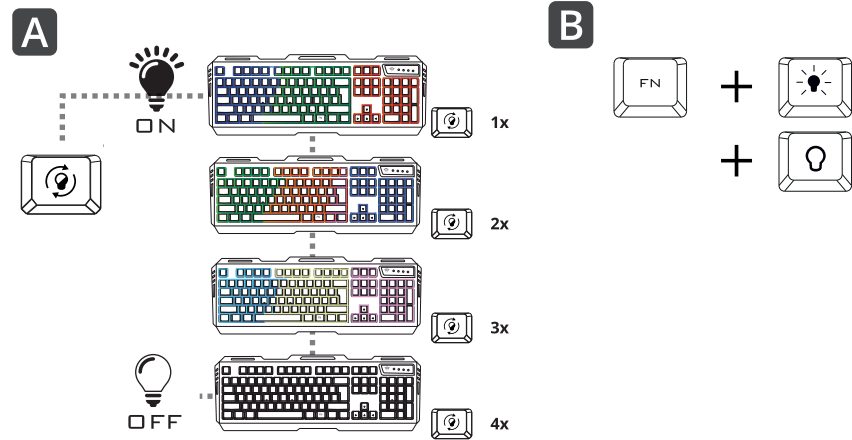

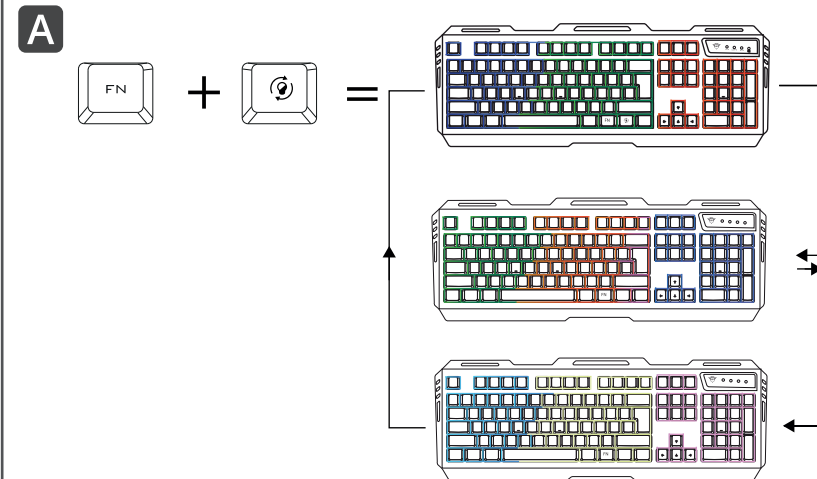

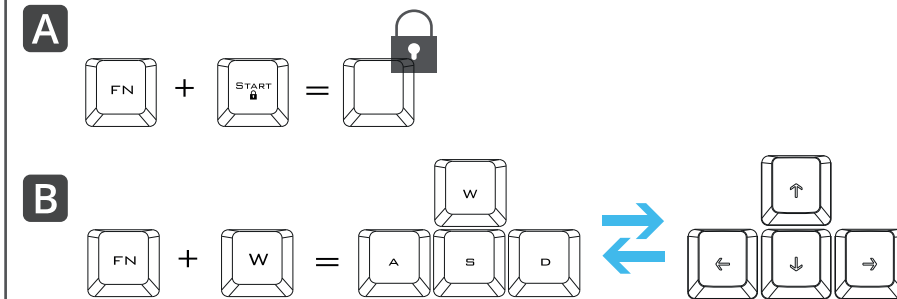

Diagram illustrating the keyboard layout for the A4000 model. The keyboard features a standard QWERTY layout with a numeric keypad on the right. The touchpad and trackpoint are located on the right side of the keyboard, below the numeric keypad.

A diagram of a standard QWERTY keyboard layout. The keys B, W, Shift (left), and FN (right) are highlighted in blue. The key B is located in the top row, second from the left. The key W is in the second row, second from the left. The Shift key is in the bottom row, first from the left. The FN key is in the bottom row, second from the right. The diagram also shows the keyboard's frame, including the top and bottom edges with mounting points, and the right side with a numeric keypad and function keys.
