## Introduction

- Thank you for trusting our company and buying the new *Earphones Sport 6 True Wireless*. We hope you enjoy the product.
- True Wireless earphones designed for sport lovers. Wireless earphones with fastening system for safety and comfort.
- Waterproof to IPX7 standard which guarantees quality.

## Care and maintenance

- Do not expose your *Earphones Sport 6 True Wireless* to impacts, dust, humidity or high temperatures.
- Use neither corrosive nor abrasive cleaning products.
- We recommend cleaning the earphones with cold water. Do not use neither soap nor scourers. Make sure both earbuds are completely dry before placing them back in the charging case.
- Do not disassemble the device. All repair works should be carried out exclusively by qualified staff of Energy Sistem Technology, S.A.
- Please make sure your *Earphones Sport 6 True Wireless* are off when you are not using them. Do not store them with an empty battery for long periods of time.

## Safety

---

- Before using the earphones, turn the volume down. Once you have done this, turn it up slowly until reaching the desired music level.
- Avoid noisy environments that force you to turn the volume up high when using your earphones.
- Listening to loud music through your earphones over a long time may cause your ears to get used to high volume levels, resulting in irreversible hearing loss.
- Adjust the earphones' volume to be able to hear important sounds.

## Features

---

### General features

- In-ear design earphones featuring True Wireless Stereo and Bluetooth 5.0 technology to enjoy a real wireless experience. Let nothing stand between you and your music.
- Fully sweat- and waterproof earphones. Sweat, clean them with water and carry on working out. There is nothing to worry about.
- Enjoy your music and calls and forget about running out of battery: up to 20 hours of battery life (5 hours every time you charge the earphones and 15 additional hours when using the charging case).
- Secure-Fit+ system that provides perfect fit during your workouts.
- Easy Connect feature: the earbuds will sync automatically. Simple and easy.
- Built-in microphone and calls in stereo to speak comfortably, without worrying about the noise.

### Technical specifications

#### Audio

- Frequency response: 20 Hz ~ 20 kHz
- Driver diameter: 6 mm
- SPL: 106 ± 3 dB (@1 kHz)
- Maximum power: 5 mW
- In-ear design
- Type: dynamic
- Impedance: 16 ohms

#### Connectivity

- Bluetooth 5.0
- Frequency band: 2.4 GHz
- Maximum output power: < 20,00 dBm
- Compatible Bluetooth profiles: HFP / A2DP / AVRCP / AVCTP
- Up to 20 m distance range
- True Wireless function with auto-pairing
- Hands-free function
- Volume control
- Playback control

#### Microphone

- Type: built-in microphone
- Sensitivity: -42 dB ± 3 dB (@1 kHz)

#### Battery

##### Earbuds:

- Capacity: 45 mAh (each earbud)
- Type: lithium polymer
- Battery life at medium volume: 5 hours\*
- Charging time: 1 hour
- Charging method: charging case

?? This value is approximate. The battery life depends on the selected volume and the type of music.

Charging case:

- Capacity: 300 mA
- Type: lithium polymer
- Number of charges: 3 charges
- Charging time: 1,5 hours
- Charging method: micro USB type-B

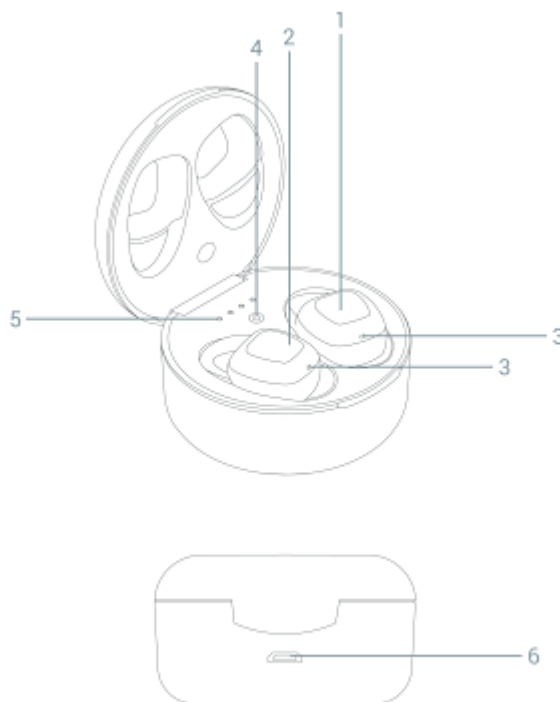

## Product content

- Earphones Sport 6 True Wireless
- Charging case
- Interchangeable earbuds
- Interchangeable Secure Fit+ wing tips
- Micro USB cable
- Quick guide

## General overview

---

1. Right multifunction button
2. Left multifunction button
3. LED status indicator
4. Charging function on/off (charging case)
5. Charging indicator (charging case)
6. Micro USB charging port

## Main Functions

---

## First use

---

When you are going to use your *Earphones Sport 6 True Wireless* for the first time, insert the headphones into the charging case and charge it for at least 8 hours. This will improve the performance of the batteries in the earphones and the charging case.

### Switching on and off the device

To switch on your *Earphones Sport 6 True Wireless*, simply take them out of the charging case or press the *Right and Left multifunction buttons (1 and 2)* for 2 seconds. At this point, the *LED status indicator (3)* on the earbuds flashes and both units pair automatically. When the *LED status indicator (3)* on the right earbud flashes blue and red, you will be able to pair your earphones with a Bluetooth music player.

To switch off your *Earphones Sport 6 True Wireless*, put them back in the charging case. You can also do this by pressing the *Right and Left multifunction buttons (1 and 2)* for 5 seconds.

To reset the device, press and hold the *Right and Left multifunction buttons (1 and 2)* first. At this point, both units will switch off. Remove the *Earphones Sport 6 True Wireless* from the list of Bluetooth devices on your smartphone or Bluetooth music player. Press and hold the *Right and Left multifunction buttons (1 and 2)* for 10 seconds to switch them on. The *LED status indicator (3)* on both earbuds flashes pink. After doing this, the earphones will reset to factory settings and will switch off.

**Note:** Auto-power on and off features only work when the *Charging function on/off (charging case) (4)* button is pressed.

### Bluetooth pairing

Switch on your *Earphones Sport 6 True Wireless* and wait until the device enters search mode. At this point, you can pair the earbuds with a music player. Select *Earphones Sport 6 True Wireless* from the list of Bluetooth devices on your smartphone or Bluetooth music player and press ?connect?. Both devices will be connected immediately and without codes. You will hear a confirmation sound when both devices are paired. At this point, the *LED status indicator (3)* on both earbuds flashes blue.

If you previously paired the earbuds with a device, there is no need to repeat the pairing process again. Just enable Bluetooth on your music player and switch on your *Earphones Sport 6 True Wireless*. They will sync with it automatically.

**Note:** To optimize battery life, your *Earphones Sport 6 True Wireless* turn off automatically after 5 minutes in search mode, if not synchronized with any other device.

### Playback control

#### Play/Pause

Press the *Left or Right multifunction button (2) or (1)* to pause or resume playback.

#### Volume +/Volume -

Press the *Right or Left multifunction button (1) or (2)* twice in a row to turn up or down the volume.

#### Skipping to the next or previous track

You can press and hold the *Right or Left multifunction button (1) or (2)* for 2 seconds to skip to the next or previous track during music playback.

### Call control

Once the *Earphones Sport 6 True Wireless* and your smartphone are synchronized, you can control calls from the earphones.

#### Answering/Ending a call

To answer an incoming call or hang up, press the *Right or Left multifunction button (1) or (2)* once.

#### Rejecting a call

Press and hold the *Right or Left multifunction button (1) or (2)* for 2 seconds to reject an incoming call.

### Using the voice assistant feature

You can interact with your smartphone voice assistant using your *Earphones Sport 6 True Wireless*. To do so, press the *Left multifunction button (2)* 3 times in a row. You can give the voice command after hearing the confirmation sound.

### Charging the battery

#### Earphones

When the battery level of your *Earphones Style 6 True Wireless* is below 10%, the *LED status indicator (3)* flashes red. You will also hear a low battery warning sound. To charge the earphones' battery, put the earbuds back in the charging case. The *LED status indicator (3)* lights up red and switches off once the charging process is complete.

**Note:** Keep the *Charging function on/off (charging case) (4)* button pressed to charge the battery.

**Caution:** Do not charge your headphones with fast charging adapters or dedicated laptop charging adapters, Because their output voltage exceeds 5V and the device may become unusable.

#### Charging case

When the battery level of the charging case is below 10%, the first LED of the *Charging indicator (charging case) (5)* flashes red. Plug the micro USB end of the provided cable into the *Micro USB charging port (6)*, and the other end into a 5 V USB charging device. The LEDs of the *Charging indicator (charging case) (6)* will light up blue as the battery charges. Once the charging process is complete, all LEDs will glow blue.

**Note:** We recommend not to leave neither your *Earphones Sport 6 True Wireless* nor your charging case unused for long periods of time with an empty battery. We advise to charge the battery at least once a month.
