

Safety Instructions

• Strangulation Hazard—Children may be STRANGLED by cords.Keep this cord out of the reach of children(more than 3 ft(0.9m)away).Do not remove this tag.

- NEVER place the camera or cord in or near the crib or play pen.
- NEVER mount the camera directly above the crib or play pen to avoid the risk of injury.
- Only use the AC adapters provided.
- Never use the unit near water,including bathtubs,sinks, washing machine hoses,damp basements,etc.

Warning Instructions

- 1.Choking hazard:Power cords can pose a risk of strangulation for children.Keep the cord out of reach of children(more than 3ft(0.9m)away).
- 2.Note:Illustrations of products,accessories,interfaces,etc.,in the manual are for reference only and are schematic.Due to product updates and upgrades,there may be slight differences between the actual product and the illustrations.Please refer to the actual product.

FCC Warning

This device complies with part 15 of the FCC Rules.Operation is subject to the following two conditions:①This device may not cause harmful interference,and ②this device must accept any interference received,including interference that may cause undesired operation.

Note:This equipment has been tested and found to comply with the limits for a Class B digital device,pursuant to part 15 of the FCC Rules.These limits are designed to provide reasonable protection against harmful interference in a residential installation.This equipment generates,uses and can radiate radio frequency energy and,if not installed and used in accordance with the instructions,may cause harmful interference to radio communications.However,there is no guarantee that interference will not occur in a particular installation.If this equipment does cause harmful interference to radio or television reception,which can be determined by turning the equipment off and on,the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from thatto which the receiver is connected.

— Consult the dealer or an experienced radio/TV technician for help. Note: The Grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. Such modifications could void the user's authority to operate the equipment. The device has been evaluated to meet general RF exposure requirements.

To maintain compliance with FCC's RF exposure guidelines, the distance must be at least 20 cm between the radiator and your body, and fully supported by the operating and installation.

Note: The Grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. Such modifications could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirements. The SAR limit of USA (FCC) is 1.6 W/kg averaged over one gram of tissue. Device types Video Baby Monitor (Monitor) with BM01 (FCC ID: 2A6UA-BM01JX-B) has also been tested against this SAR limit. The highest reported SAR values for body-worn is 1.471 W/kg. This device was tested for typical body-worn operations with the back of the handset kept 0 mm from the body. The use of accessories that do not satisfy these requirements may not comply with FCC RF exposure requirements, and should be avoided.

IC Warning

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: ① this device may not cause interference, and ② this device must accept any interference, including interference that may cause undesired operation of the device.

The device has been evaluated to meet general RF exposure requirements. To maintain compliance with RSS-102-Radio Frequency (RF) Exposure guidelines, this equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

Warning

Hereby, the licensed company declares that this BM04 product is in compliance with the essential requirements and other relevant provisions of the Radio Equipment Directive 2014/53/EU. Environmentally friendly disposal.

You can help protect the environment!

Please remember to respect the local regulations: hand in non-functioning electrical equipment to an appropriate waste disposal center. Warning: Batteries or battery packs installed must not be exposed to excessive heat such as sunshine, fire or similar.

CAUTION: RISK OF EXPLOSION IF BATTERY IS REPLACED WITH AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

The radio frequencies 2412-2472 MHz can be used in Europe without restriction.

This product is intended for sale and application in a business environment.
