Transmitter Frequency response: ~20Hz-20kHz

Charging port: USB Type-C

Bluetooth Headphones Version: 5.4

Profiles: SBC, AAC, LDAC

Transmitter Range: ~30m

Operating frequency: ~2.4GHz

Headphone Battery: ~450mAh

Manufacturer: Hubert Lixing Electronic Technology Co., Ltd.

Address: 11 West Juxian Avenue, Nanzhang County, Xiangyang City, Hubei, P.R. China

Email: 10785571@qq.com

Please use a DC 5V 1A power supply to power the product.

The power supplied by the charger must be within a minimum of [2.5] watts, which the radio requires, and a maximum of [10] watts to achieve the maximum charging speed.

12. EU Declaration of Conformity Hereby, Imtron GmbH declares that the radio equipment type (IHT-1000) is in compliance with Directive 2014/53/EU.

The full text of the EU Declaration of Conformity can be found at the following internet address: https://www.isy-online.eu/downloads

25-10 W

User manual Congratulations on your purchase of these on-ear TV headphones. The operation of this product is simple and straightforward. If you read these instructions, you will be able to make optimum use of all the functions.

1. Safety instructions

Read this user manual carefully before using the product for the first time. It contains important safety instructions as well as instructions on how to use and care for the product. Keep the instructions for future reference and enclose them with the product if you pass it on to a third party.

This product is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and/or knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

Choking hazard! Keep packaging material away from children.

Children must be supervised to ensure that they do not play with the appliance.

Never expose rechargeable batteries to excessive heat (e.g. blazing sun, fire) and never throw them into a fire. Batteries can explode.

The batteries are permanently installed in the product and cannot be replaced. Do not damage the batteries. There is a risk of explosion and fire if the battery charging is damaged!

Never short-cut the battery contacts/connections. Do not touch the batteries or the product into a fire. There is a risk of explosion and fire!

Recharge the batteries regularly, even when the product is not in use. Due to the battery technology used, it is not necessary to disconnect the batteries beforehand.

Never charge the product's batteries unattended.

A battery that is exposed to extremely low air pressure can cause an explosion or leakage of flammable liquids or gases.

The maximum operating temperature is 35 °C.

Do not move the product from cold to warm environments and vice versa. Condensation can damage the product and electrical components.

The product must not be exposed to dripping or splashing water.

Ensure that no objects or liquids enter the housing through openings.

Do not immerse electrical parts of the product in water or other liquids during cleaning or operation. Never hold the product under running water.

Do not place the product near devices that generate strong magnetic fields (e.g. motors, loudspeakers, transformers).

Do not expose the product to direct sunlight, moisture, dirt, hot light sources or strong magnetic fields.

Do not expose the device to high temperatures and strong vibrations and avoid strong mechanical stress.

2. Intended use The product is only suitable for use as headphones to connect to an audio source. Any other use may result in damage to the product or injury. Enjoy up to 50 hours of music playback with a charging time of only 1.5 hours. With a range up to 30 metres, a stable connection in appropriate volume level.

For everyday use. The unique optical signal decoding generates cinema-like sound quality. The 2.4GHz transmitter charging station ensures easy storage and continuous power supply.

Imtron GmbH accepts no liability for damage to the product, to damage to property or personal injury resulting from careless or improper use of the product or use of the product in a way not intended.

3. Intended use The product is only suitable for use as headphones to connect to an audio source. Any other use may result in damage to the product or injury. Enjoy up to 50 hours of music playback with a charging time of only 1.5 hours. With a range up to 30 metres, a stable connection in appropriate volume level.

7. Operation Bluetooth® pairing Before you can use the headphones with a Bluetooth®-enabled device for the first time, both devices must be paired. Turn on the headphones and activate the Bluetooth® Function, as well as on the device you want to connect. To activate Bluetooth® mode, press **○** three times. Search for IHT-1000 in the Bluetooth® menu and select IHT-1000 from the devices found. The LED will initially flash red and blue alternately and then turn off once both devices have been successfully paired.

8. Functions / Indications

Function	Action	Prompt	LED
Charging the battery			LED lights up red
Battery fully charged			LED lights up blue for 5 seconds and then goes out
Bluetooth® stand-by mode without connection		Disconnected	LED lights up for 2 seconds and then flashes after 3 seconds
Pairing standby mode			LED flashes alternately red and blue
Connect mobile phone via Bluetooth®			LED off
Switch on	Press and hold ○ for 3 seconds (automatically turns on when removed from the TV stand)	Power on	LED flashes alternately red and blue
Switch off	Press and hold ○ for 3 seconds (automatically turns off when removed from the TV stand)	Power off	LED lights up red for 2 seconds
Switch between 2.4 GHz and Bluetooth® mode	Press ○ three times	2.4G mode / Bluetooth mode	LED flashes alternately red and blue
Increase volume	Press +	Maximum volume	-
Decrease volume	Press -	Minimum volume	-
Mute microphone	Press X/D		When muted, the LED lights up red
Next track (not available when connected to TV stand)	Press and hold + for 1 second		
Previous track (not available when connected to TV stand)	Press and hold - for 1 second		

2. Bestimmungsgemäßer Gebrauch Dieses Produkt ist nur als Kopfhörer zur Verbindung oder zum Anschluss an einer Audioquelle geeignet. Jeglicher andere Gebrauch kann zu Schäden am Produkt oder Verletzungen führen. Genießen Sie bis zu 50 Stunden Musikwiedergabe bei einer Ladung. Nach dem Gebrauch auf und geben Sie sie mit dem Gerät an Dritte weiter. Entfernen Sie alle Verpackungsmaterialien und überprüfen Sie das Produkt auf Vollständigkeit und Integrität. Verwenden Sie keinesfalls ein beschädigtes Produkt. Reinigen Sie das Produkt nach dem Auspacken siehe Abschnitt **Reinigung und Pflege**.

3. Lieferumfang 1 x On-ear-TV-Kopfhörer 1 x Transmitter 1 x USB Type-A auf Type-C Ladekabel 1 x Optisches Kabel 1 x Audiokabel 3,5 mm Klinkestecker auf 3,5 mm Klinkestecker 1 x Bedienungsanleitung

4. Teile A: Typ-C-Ladeanschluss Kopfhörer B: AUX-Eingang C: Mikrofon + LED D: Lautsprecher E: Mute X/D F: Stimm-/Volumen +/- G: Ein/Aus C: TV-Standfuß H: Lade-LED TV-Standfuß I: Signal-LED J: TV-Standfuß K: Typ-C-Ladeanschluss TV-Standfuß L: Optisches/AUX-Audiokabel U: OPTICAL/AUX M: AUX-Eingang N: Optischer Eingangs OPTICAL IN

5. Vor dem ersten Gebrauch Lesen Sie diese Bedienungsanleitung aufmerksam durch, um Schäden oder Verletzungen durch unsachgemäßen Gebrauch zu vermeiden. Beachten Sie insbesondere die Sicherheitshinweise. Bewahren Sie die Bedienungsanleitung zum späteren Nachschlagen auf und geben Sie sie mit dem Gerät an Dritte weiter. Entfernen Sie alle Verpackungsmaterialien und überprüfen Sie das Produkt auf Vollständigkeit und Integrität. Verwenden Sie keinesfalls ein beschädigtes Produkt. Reinigen Sie das Produkt nach dem Auspacken siehe Abschnitt **Reinigung und Pflege**.

6. Akku laden **TV-Standfuß aufstellen und installieren** Stellen Sie den TV-Standfuß auf und verbinden Sie ihn über ein USB-C-Kabel (mitgeliefert) mit dem TV-Standfuß. Verbinden Sie den TV-Standfuß über ein AUX-Kabel oder ein optisches Kabel mit dem Fernseher und stellen Sie den Schalter für das optische/AUX-Audiokabel auf die gewünschte Quelle. Wenn die Quelle gewechselt wird, muss auch der TV-Schalter entsprechend umgestellt werden. Die Kopfhörer können über den TV-Standfuß oder direkt über ein USB-C-Kabel aufgeladen werden. Legen Sie das Produkt auf den TV-Standfuß und achten Sie darauf, dass Sie es richtig ausgerichtet sind, damit die Ladekontakte Verbindung haben.
