- Press once: answer/end call
- Press twice: redial the last call
- Press for 2 seconds: reject call

Please read thoroughly the following instructions and information:

- Not suitable for children aged 6 and under.
- To prevent any loss of hearing, avoid listening at loud volumes for prolonged periods.
- Always keep the volume at a sensible level.
- Extended listening may negatively impact hearing.
- Using this product limited your perception of ambient noise. For this reason, do not operation any vehicles or machines while using this product.
- There is a risk of suffocation from the swallowing small parts.

Safety instructions:

- The product is intended for private, non-commercial use only.
- Use the product only for intended purpose.
- Do not use the product in areas in which electronics products are not permitted.
- Do not attempt to service or repair the product yourself.
- Do not disassemble the product or continue to operate it if it becomes damaged.
- Avoid dropping or crushing the product
- Dispose of packaging material immediately in accordance with the locally applicable regulations.
- Do not modify the product in any way which voids the warranty.
- Make sure that no liquids of any kind penetrate the headphone.
- Avoid extreme heat, cold and humidity.
- While driving a car or using sport equipment, do not allow yourself to be distracted by your product and keep an eye on the traffic situation and your surroundings.

Care and maintenance:

Only clean this product with a slightly damp, lint-free cloth and do not use aggressive cleaning agents.

Warranty disclaimer:

Lazerbuilt Ltd. assumes no liability and provided no warranty for damage resulting from improper installation/mounting, improper use of the product or from failure to observe the operation instructions and/or safety notes.

Lazerbuilt cares for our kids and our planet. Please take care when disposing your product after they have reached the end of their lifecycle.

Note on environment protection

Following the implementation of European Directive 2012/19/EU and 2006/66/EU into the national legal systems, the following applies: Electrical and electronic devices as well as batteries must not be disposed of with household waste. Consumers are obliged by law to return electrical and electronic devices as well as batteries to the designated public collection points or to the point of sale at the end of their service lives. Details information on this topic is defined in the national laws of the respective country. This presence of the above symbol on the product, operation instructions or package indicates that the product is subjected to these regulations. By recycling, reusing the materials or other forms of utilising old devices/batteries, you are making an important contribution to protecting our environment.
