

Before using the product, please read the following instructions carefully to ensure the correct use of the product and to avoid any damage or injury.

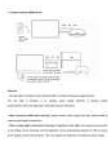

1. The product is not to be used in the following environments:

- High humidity or high temperature environments.
- Environments with strong magnetic fields.
- Environments with strong vibrations.

2. The product is not to be used in the following environments:

- Environments with strong magnetic fields.
- Environments with strong vibrations.

3. The product is not to be used in the following environments:

- Environments with strong magnetic fields.
- Environments with strong vibrations.

4. The product is not to be used in the following environments:

- Environments with strong magnetic fields.
- Environments with strong vibrations.

5. The product is not to be used in the following environments:

- Environments with strong magnetic fields.
- Environments with strong vibrations.

6. The product is not to be used in the following environments:

- Environments with strong magnetic fields.
- Environments with strong vibrations.
