

Safety

Please read these safety instructions thoroughly and make sure you understand everything. Incorrect use will void Marmitek's warranty.

- For indoor use only.
- Do not use the product in a humid environment or near water.
- Do not expose the product to extremely high or low temperatures, strong light sources or direct sunlight.
- This product is not a toy; keep out of the reach of children.
- Only connect the adapter to the mains after you have verified that the mains voltage matches the value indicated on the rating plates.
- Never connect an adapter if it is damaged. In such cases, contact the vendor.
- Disconnect the AC/DC power adapter from the mains if this product is not used for an extended period of time.
- Never open up the product, as the device may contain parts with electrical voltage.
- Incorrect use, modifications or repairs void all warranties.
- Marmitek does not assume product responsibility for incorrect or unintended use of the product.

Marmitek accepts no liability other than the legal product responsibility.

Introduction

Congratulations on your purchase of this Marmitek device. You have bought a high-quality appliance that you will enjoy for many years to come. By using this device with attention and care, you reduce the risk of personal injury or property damage. When this manual mentions the device, it refers to the TV Anywhere Wireless HD2.

Caution

It is important to read and understand this instruction manual before installing and using the device.

This manual describes the correct and safe use of this device. Keep this manual for future reference. The manual is an essential part of the device and must be given to the new owner upon resale or exchange.

This manual has been compiled with the utmost care. Marmitek reserves the right to improve and adjust this manual at any time.

The following symbols and terms are used in this manual to alert the reader to safety issues and important information:

Warning

Indicates a hazardous situation which, if the safety instructions are not followed, can lead to injuries to the operator or bystanders, light and/or moderate damage to the product or to the environment.

Caution

Indicates a hazardous situation which, if the safety instructions are not followed, can lead to light and/or moderate damage to the product or to the environment.

Identification

The identification plate is located on the bottom of the device.
