**Intended use:** Indoor domestic use only

## General Safety Warnings

- This appliance is not a toy. Keep out of reach of children.
- Do not use the appliance if the power cord or plug is damaged.
- Do not use the appliance in bathrooms, near water, or in humid environments.
- Do not cover the appliance during operation. Risk of fire.
- Do not place the appliance near flammable materials.
- Always place the appliance on a stable and flat surface.
- Do not leave the appliance unattended while in operation.
- Unplug the appliance when not in use or before cleaning.
- Do not insert objects into ventilation openings.
- Do not use extension cords or power strips.

## Electrical Safety

The appliance must be connected to a grounded wall socket compliant with local regulations. Risk of electric shock if used improperly or in the presence of water.

## Overheating and Fire Risk

Ensure that air intakes and outlets are never obstructed. Do not operate the heater near curtains, furniture, or other combustible materials.
